

RED WINE 2019

SAFFRON VINEYARD MOUNT VEEDER, NAPA VALLEY

The 2019 vintage in the Napa Valley is an instant classic!

It began with copious amounts of winter rainfall, followed by a long, warm summer with no heat spike events which set the stage for vibrant & ultra-expressive and remarkably balanced wines.

The 2019 FOURMEAUX Red Wine is a stunning example of a mountain-grown wine. The wine shows an intense and delightful freshness.

Its' aromatics jump to your nose and envelop your palate, almost pulling you into the glass! It is full-bodied with a deep concentration, yet displays almost feminine aromas of rose petals, pomegranate and red apple. Their masculine counterparts bring the deeper notes of blueberry liquor, blackberry cobbler, crushed stones & lead pencil graphite.

This is not a wine to soon be forgotten!
