

An amazing VGS Wine Club Member Benefit we're excited to share with you!

The GEMS program provides numerous exclusive benefits at some of Wine Country's finest. We're elated to offer this to our wine club members committed at the six bottle (or greater) level.

The idea behind GEMS is simple: Throughout the years we have developed exciting, unique relationships with a number of our neighbors. Recognizing a shared admiration for one another's wines and experiences, we contemplated, "If we love these wineries and the wines they produce, why wouldn't our customers love them?"

Thus, the GEMS program was born!

GEMS offers you enhanced benefits by providing exclusive rewards and opportunities at these celebrated wineries.

There is no additional cost to be a GEMS member – just great benefits!
